Council President Wesson launched an initiative with Councilmember O'Farell to get the city engaged in conversation on race, race relations and hatred. The goal is ultimately to develop a racial equity policy for the city, following an internal assessment of the City's policies and procedures. The first step in this process is an anonymous online survey that people can fill out. Please distribute to your networks. The goal is to get at least 2,000 people to complete the survey. The link to the survey is below:
